BATH
STEAM INTERIOR
&
LAUNDRY
ESTABLISHMENT

3 Dec/68

Dear Sir,

I venture to submit (through you) to the Committee of the Institution, the suggestion that it would be convenient to many members — and financially beneficial to the Institution — if common straw paper were provided as well

DSI

as the more expensive
stamped Note paper.

Straw paper sufficiently
good for writing Extracts
or notes from books &c
can be purchased, by
the ream for a very
small sum. Note size
which number be
convenient may be
had I believe for 1/6
a Ream. —

Believe me,
yours most truly
C. M. Weld

Member of the Royal Society
& which he wrote
a History
